Quiz Grade \_\_\_\_\_

Students will be required to enter all of the information on the above table and calculate their score on each assignment. To figure the percent, divide the number of points you earned by the number possible. Students must complete the table to get credit for the assignments in the phase. If you have any questions, please seek help from Mr. Burton. Please also attach all of the assignments listed to this form in the order that they were assigned.

## Check to be certain that your phase work is ready to turn in.

1. Phase sheet with all student sections is filled out completely. Be sure to have the percent and letter grade filled in.
2. All assignments should be in order with most recent on top.
3. You must have a complete heading on each paper.
4. You must have a score at the top of each paper.
